City Attorney Creates Home Page for the Public

Opinions, Memoranda of Law, Reports and Media Releases Now Available

City Attorney Casey Gwinn announced today a new San Diego City Attorney home page that will allow the public easy access to documents issued by his office.

The feature, entitled "City Attorney Issued Documents," provides easy access to important documents produced by The San Diego City Attorney's Office including:

City Attorney Memoranda of Law

City Attorney Opinions

City Attorney Reports to the Mayor and City Council

Media Releases

This new feature includes only documents produced and generated since Gwinn took office on December 2, 1996.

"We find ourselves operating in a world where technology allows us to provide the public with valuable information in a manner where the residents never have to leave the comfort of his or her home or office," said Gwinn. "We are pleased to provide this cutting-edge service," he concluded.

The San Diego City Attorney's home page can be found in the "City Organizations" section of the City of San Diego's web page located on the Internet at: or you may link up directly at /city-attorney/.
